

AIA Philadelphia

2020 AIA Philadelphia Firm Membership Benefits

Joining as an AIA Philadelphia architecture firm connects your practice with a network of contacts to turn to for practice and design resources. Member firms improve the practice of architecture, adding their voice to planning and preservation issues, supporting career development for employees, and promoting the firm and architecture to the public. Dues for joining as an Architect Member Firm are based on the number of registered and non-registered architects within a firm.

Firms must employ at least one principal who is an AIA Philadelphia member to qualify for this membership status.

MARKETING BENEFITS

- Each member firm is eligible to enter and compete in the AIA Philadelphia Annual Design Awards for special recognition of their design excellence.
- Each member firm is entitled to a firm profile on the Chapter's website and a link to the firm's website. Member firms will, in turn, be listed in our Chapter's Architect Finder.
- Each member firm is eligible to submit projects for the Design Profiles, published quarterly in CONTEXT Magazine.
- Social media marketing: AIA Philadelphia actively engages with Member Firms via social media (sharing/retweeting member projects and achievements)
- Each member firm can submit press releases, and events of interest to our website and e-newsletter, *The Philadelphia Architect*, which is released weekly.

DISCOUNTS & SERVICES

- Each member firm has access to the Chapter's Health Insurance Broker to assist them in finding health insurance. Please contact Julianne Foley at juli@aiaphila.org for more information.
- Each member firm has the opportunity to participate in the Chapter's Multiple Employer Retirement Plan (401k) managed through TransAmerica and Morgan Stanley.
- Each member firm is eligible to rent the Center for Architecture and Design for events and meetings at a 25% discount.
- Member firms can post job openings and classified ads for free on the Chapter's website.
- 20% discount on purchases on www.aiabookstore.com, including AIA Contract Documents.

ARCHITECTURE IN EDUCATION PROGRAM

Adopt a school!

Invest in Philadelphia's future by introducing the design process to K-12 students in a Philadelphia public school via the Center's *Architecture in Education* program. Adopting a school allows influential relationships to develop between volunteer architects from your firm and underserved K-12 students via 4 to 8 one-hour hands-on sessions each semester. Training for volunteers provided.
